### PROFESSIONAL SUMMARY

---

Programmer with 3 years of experience in VB.NET and Microsoft SQL Server (MSSQL), now transitioning into Python backend development. Experienced in developing and maintaining database-driven applications, optimizing SQL queries, and building reporting systems. Currently developing web applications using Python, Flask, SQLite, SQLAlchemy, HTML, CSS, Bootstrap, Git, GitHub, and REST APIs. Skilled in authentication, CRUD operations, database design, backend logic, and version control. Passionate about learning modern software development practices and continuously improving technical skills.

### SKILLS

---

Python • Flask • SQLAlchemy • SQLite • MSSQL • VB.NET • SQL • Git & GitHub • Bootstrap • REST APIs • CRUD • Authentication • HTML/CSS • SQL Optimization • Authentication • Crystal Reports • Backend Development • Database Design • Version Control • Jinja2

### PROJECTS

---

**Employee Management System** – Developed a web-based Employee Management System using Python, Flask, Jinja2, SQLite, SQLAlchemy ORM, HTML, Bootstrap, JavaScript, Git, and GitHub. Implemented secure user authentication, session management, CRUD operations, employee photo uploads, search functionality, dashboard analytics, audit logging, and database migrations using Flask-Migrate (Alembic).

**Apollo System** – Maintained and enhanced an existing business system by implementing additional features, optimizing MSSQL queries and stored procedures, and supporting backend processing and reporting functionalities.

**Email Automation** – Developed a Python-based automation tool that automatically sends scheduled email notifications for weekly tasks.

**Water Website** – Developed a basic web-based application for training purposes using HTML, CSS, and Python Flask.

### EXPERIENCE

---

#### Programmer 1 | Moylan's Insurance Underwriters, Inc. | June 16, 2023 – Present

Develop and maintain VB.NET applications, MSSQL databases, queries, stored procedures, and reports while troubleshooting and optimizing existing systems.

#### EDUCATION

Bachelor of Science in Computer Science  
AMA Computer College  
2015 – 2018

#### CERTIFICATIONS

- Python for Absolute beginners – UDEMY
- Creating Web Design – MIND TECH
- Web Development – MIND TECH
- The AI Engineer Course 2026: Complete AI Engineer Bootcamp – UDEMY(ON-GOING)
